

I'm the  
*Hoopoe*

Colour me in!

You can see me  
in Cyprus in

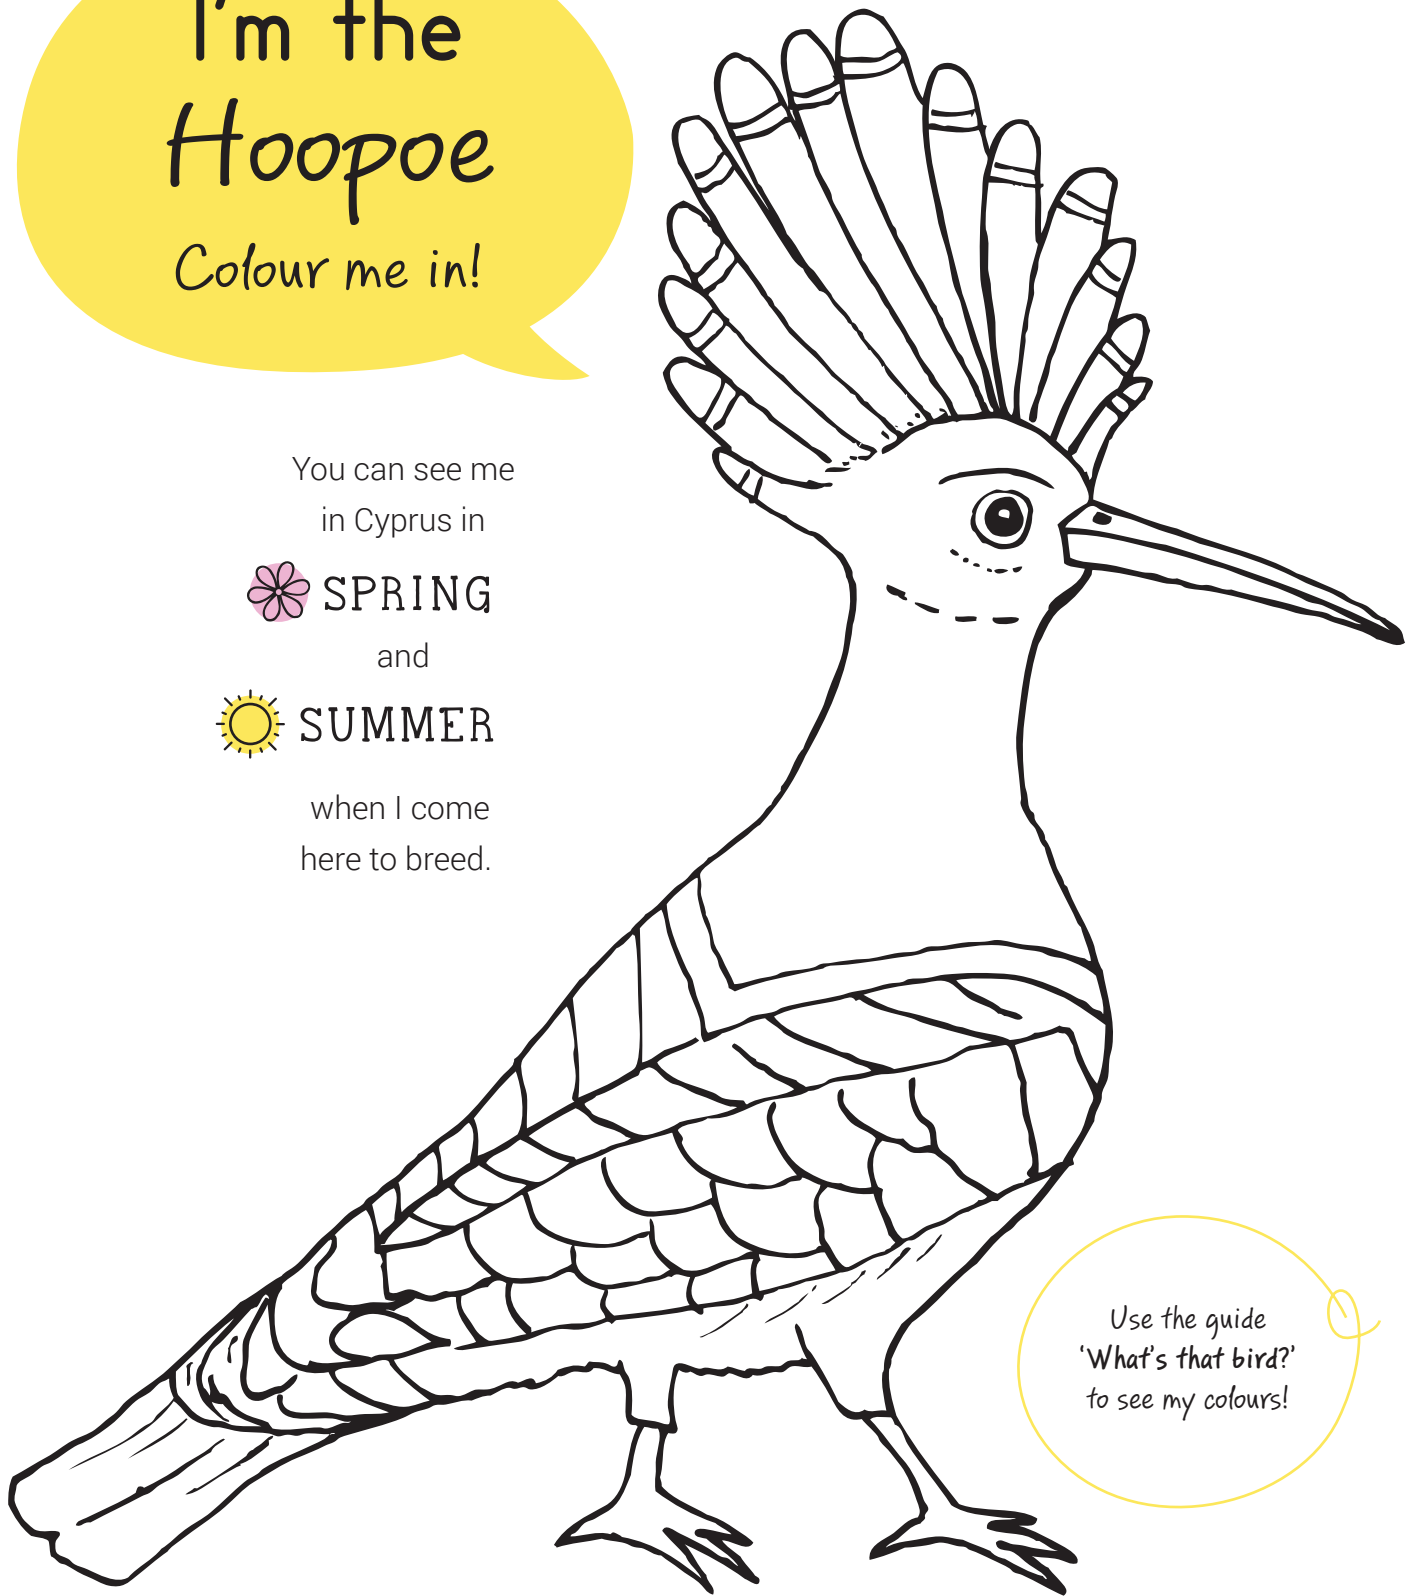

SPRING

and

SUMMER

when I come  
here to breed.

Use the guide  
'What's that bird?'  
to see my colours!

My scientific name is *Upupa epops*

My body length is 25-29 centimeters and my wingspan is 44-48 centimeters.

This is my actual size!
