ΤΗΝ ΑΕΙΦΟΡΟ ΑΝΑΠΤΥΞΗ

AKROTIRI Spring Festival

Sunday, 4th May 2025

Time Activity Location Age

colour guide
for programme

8:45 – 9.30 Bird Ringing Akrotiri Environmental Education Center (AEEC) Open to all

Did you know that we can learn more about birds through bird ringing?
Bird ringing is a conservation tool that allows us to monitor bird movements, giving us insight into many aspects of their lives—such as survival rates, productivity, and migration patterns. Have you ever taken part in a bird ringing activity?
If not, now is your chance to join us for a live bird ringing demonstration!

9:30 - 10:10 Explorers in action at the Akrotiri Environmental Education Centre AEEC Open to all

Discover the Akrotiri Peninsula in an interactive and fun way through the exhibition space of the Akrotiri Environmental Education Centre! Solve the riddles, scan the correct QR codes, and answer the questions that will be asked along the way.

10:00 - 12:00 Basket weaving workshop Age 10+ [Click here to register](#)

The basket weaving workshop is a great opportunity to learn about the history and significance of basket weaving in the local community. A local craftswoman will demonstrate the weaving process from start to finish, explaining the materials used and the various techniques for weaving baskets.

10:30 - 11:10 The "microcosm" that exists around us AEEC Age 5+ [Click here to register](#)

Join us as we explore, observe, and study the invertebrates (the "hidden heroes") that can be found in the botanical garden of the Akrotiri Environmental Education Centre, with the help of specialized equipment such as magnifiers, stereoscopes, forceps, and guides.

12:00 - 13:00 An exciting journey into the world of dragonflies AEEC Open to all

Soaring through our skies for over 300 million years, dragonflies have developed incredible adaptations and boast a fascinating life cycle! Journey into the secret world of dragonflies with the guidance of a dragonfly expert and discover more about this magical creature through fun, hands-on activities for all ages.
At the end, we'll create our very own dragonfly to take home with us!

11:30 - 12:10 Workshop: "Sand and Its Mysteries" AEEC Age 6+ [Click here to register](#)

Come with us to explore the magical world of sand! Where does it come from?
Why does it have different colors and shapes? In our workshop, we'll become young scientists and detectives, observe sand from various beaches, and solve an exciting mystery!

12:30 - 13:30 Nest-building workshop for small birds **AEEC**
Age 7+ [Click here to register](#)

Not all birds build their nests in trees and bushes! Some birds need cavities or holes to nest and raise their families. Such nesting spots aren't always easy to find, and installing a bird nest box can be a great way to provide a safe home for a bird family!

9:30 - 12:00 Crafts **AEEC** Open to all

Looking for a fun and creative way to help protect our planet?
Join us in making eco-friendly crafts inspired by
the biodiversity of the Akrotiri Peninsula!

9:30 - 12:00 Learning about Vultures **AEEC** Open to all

Educational and interactive activities (board game and crafts) for children
and adults to learn more about these endangered creatures.

9:30 - 12:00 Pollen Roller **AEEC** Open to all

An educational and interactive floor game to help us learn about pollinators.

*We look forward to seeing you
@ the Akrotiri Spring Festival!*
